

SUDEA Statement on Ukraine

We want to express our solidarity with all people in and from Ukraine who are suffering immeasurably; our thoughts are with our colleagues and friends. We also wish to express our solidarity with the researchers and people worldwide who oppose and fear the consequences of Putin's war.

All team members collaborating within the research project "Sustainable Urban Development in the European Arctic (SUDEA): Towards Enhanced Transnational Cooperation in Remote Regions" strongly condemn the Russian invasion of Ukraine and the resulting war.
